DISTRIBUTION

[illegible]

1. [redacted] two Soviet ships entered the West Harbor of Port Arthur. These two ships brought a small number of Soviet troops and 663 Chinese students from Vladivostok.
2. After the students landed they were divided into two groups. The first group, about two-thirds of the total, was sent to live at Hsin Shih Chieh (New Town) (121-14, 38-49) Port Arthur, next to the Soviet artillery barracks in the former Engineer College; the other one-third was sent to San Li Ch'iao (121-14, 38-50) Port Arthur.
3. All of the 663 students have received one year of Soviet military education. There are 104 students who came from the Soviet Pitekov (Chinese phoneticization) Air Corps School. These 104 students have the English letters SKOT on their uniforms. Three students, two of whom are natives of Fukien Province and one a native of Kiangsi Province, came from the Kelungute (Chinese phoneticization) Naval School. The other 556 students came from the Soviet Fuilans (Chinese phoneticization) Military Academy.
4. It is rumored that three of these students are going to be sent south and the rest are going into Manchuria to work.
